OBJECTIVE

Detail-oriented individual with a strong work ethic, problem-solving skills, and a passion for solving complex technical challenges throughout the software development life cycle. Seeking the role of Software Engineer.

EDUCATION

Punjab University College of Information Technology (Dec 2021-June 2025).

Bachelor of Science in Information Technology (**CGPA:3.3**)

EXPERIENCE

DHives: (May 2023-Aug 2023).

Worked as a Frontend Developer Intern, developing responsive and user-friendly web interfaces using React.js, HTML, CSS, and JavaScript.

PROJECTS

Sign Translation Application (FYP)

- For my final year project, I am contributing as a Frontend Developer to create an innovative platform focused on enhancing communication for the deaf community. Leveraging the MERN (MongoDB, Express.js, React.js, Node.js) technology stack, my role involves building a user-friendly web application that facilitates the learning and expression of signed language. In an additional layer of sophistication, I am seamlessly integrating a machine learning model into the platform, enhancing it with features such as intelligent insights and personalized feedback. The project aims to bridge communication gaps, empower deaf individuals, and foster inclusivity through interactive and accessible online resources

Invoice Generator (ReactJs)

- An Invoice creator project built with React. Uses jspdf-react to capture the data from the modal and convert it from canvas to pdf.

Ochi (ReactJs)

- Ochi (Awarded website) website clone created with Next JS, React JS, TypeScript, Tailwind CSS, Framer Motion, GSAP and Locomotive Scroll.

CERTIFICATES

- Certificate in HTML and CSS from EDUCBA, providing indepth knowledge of web development and design.
- Certificate in JavaScript from Open Weaver and Great Learning, providing an in-depth understanding of JavaScript programming language.

SKILLS

-Programming Languages: Proficient in C++, JavaScript and React. - Database Management: Knowledgeable in efficiently managing databases. - Problem-Solving: Strong problem-solving skills with an eagerness to learn new technologies.

HOBBIES AND INTERESTS

-Badminton -Cricket -Snooker -Problem Solving -Watching TV Shows and Movies -Playing Cards
